

Revel in the charm of Mountain View

Established in the 1870s, the town of Mountain View is famous for the preservation of folkways, art, and traditional music.

Known for annual festivals like the Arkansas Folk Festival, Beanfest and Bluegrass Festival, and Mountains Music & Motorcycles Festival, Mountain View draws thousands of people who travel here each year to attend one of these events and get a taste of Ozark Mountain culture.

Or make a visit to the Ozark Folk Center State Park. Founded in 1973, Ozark Folk Center State Park preserves Ozark heritage in music, crafts, and herbs, and presents it as living history.

The 50-mile Syllamo Mountain Bike Trail is also nearby. The trail is designated by the International Mountain Biking Association as an "Epic Ride," a status only 37 trails across the nation currently hold. Expect a two-hour drive from Little Rock. Take I-40 W until exit 125, when you hit US 65 North. After about 40 miles, veer right onto AR-9. Follow

AR-9 for 35 miles, until you hit Mountain View.

Mountain View is also known for outdoors recreation opportunities, including Blanchard Springs Caverns, trout fishing on the White River and the Ozark National Forest.

Blanchard Springs Caverns is a beautiful spot nestled in the Ozark National Forest just minutes from all sorts of fun stuff to do. Camping, caving, biking, hiking, swimming, birding, and sight-seeing are available to Blanchard visitors. Take a short stroll along the paved trail to the spot where Blanchard Springs turns into a beautiful waterfall.

Whether you're exploring scenic trails, fishing along the White River, or enjoying live music Saturdays in Pickin' Park, our charming town of unforgettable experiences. Immerse yourself in nature's beauty and the rich traditions of the "Folk Music Capital of the World."

Plan your visit and discover why Mountain View is the perfect place to create lasting memories.
