- 6. played on Thanksgiving since 1934

Down

- 1. who did the halftime show 1996
- 2. who has won the most super bowls

The Care of Horses

Hannah Held
Grade 5
Lincoln Trail
Mrs. Tempel's Class

Have you ever wondered how to take care of your horse correctly? Here are some tips on how to keep your horse happy and healthy. You want to have a shelter for your horse to keep them safe in any weather. Along with having a safe shelter for your horse, you also want to keep it clean at all times so they stay comfortable. You also need a big water tank to go somewhere in their pasture or have a bucket in the horse's stall so they can always have a way to water. Clean the bucket or the tank daily so your horse doesn't get sick.

Feeding your horses correctly is very important, give them plenty of hay, and grain. In the summertime you will want to feed your horse a little less, because when it's warm there tends to be more grass for them to eat. In the winter, you would want to give your horse more hay and grain so they feel like they are full. Lastly, you want to give your horse the correct amount of exercise so they stay in shape and so they stay strong. Exercise you could give them is lunging your horse or riding them daily. Along with that, if it's a hot day you should cool them down by brushing them or hosing them down. These are some tips to make sure your horse stays happy and healthy.

Hershey Pennsylvania

Sophia Allen
Grade 5, Lincoln Trail
Mrs. Tempel's Class

Have you ever heard of Hershey Pennsylvania? If you haven't then you are in luck because I am going to tell you about this vacation area.

Hershey Pennsylvania is the best place to go. You have 2 hotels you can decide on first one The Hotel Hershey and Hershey lodge. When I went to Hershey Pennsylvania I went to Hershey lodge. It was fantastic! They have an indoor water park, and stores and Cafe's.

It takes about nine hours and fifty seven minutes to get there by driving. And by plane it takes two to three hours from my area. The hotel Hershey is huge just by looking at it. They have an outdoor waterpark. To drive it takes exactly ten hours. And by plane four hours and five minutes also from my place. It is worth the drive.

Hershey park is the LARGEST amusement park in Hershey Pennsylvania. But it isn't the largest in the world or the US. If you do go, the tickets to get them are \$46.99. It is also worth the money. It is worth the vacation.

Javan's Last Chance

Lily Varner
Grade 5, Lincoln Trail
Mrs. Tempel's Class

Did you know that the Javan rhino is one of the five species of rhinos and it is one of two that is critically endangered? It also only has less than 100 left. This is due to poaching. We know, we know, animals are going extinct and most of it is due to poaching, but it is actually a bigger deal than you think. If we run out of rhinos and other animals that will also affect our life. Do you have a kid? If you do or were to, you probably would take them to the zoo, but that might not happen if you don't have interesting animals to look at. In fact there are 50-76 Javan Rhinos left.

What do they look like? Javan Rhinos are about 5-6 feet tall, weigh about 5,100lb and their horn is a little shorter than 25 cm, 9.8 inches. They also would probably look the color grey. Well, what do they eat? They eat fruit (that falls on the ground), leaves, twigs, and they also eat many different varieties of plants. One last thing you might wonder, how long do they live? Well the answer is 30-45 years (if they lived in the wild.)

Now that you know that the Javan Rhinos are endangered and could possibly go extinct, think about other species that could go extinct. Yes, one day we will all be gone but for the meantime we should try to keep what we have around for as long as we can.

Highway to Trucks

Allison Rogers
Grade 5
Lincoln Trail
Mrs. Tempel's Class

"Built Ford Tough," I bet you haven't heard that quote about a Ford ranger because all fords are tough. Modern Ford trucks go about 110 but they also can go 0-60 mph. All Ford rangers are pickup trucks, but they can be different sizes and more seats are also less seats.

The repairs are usually quick like the brake pads taking 30 mins to an hour, spark plugs take 30 mins to 2.5 hours, also the alternators 1 to 2 hours, and belt replacements that take 5 to 20 mins and in my opinion that's a real quick repair. That's why the best truck is a ford ranger because the kind it is, the quick repairs, and the speed. "If everyone is moving forward, then success takes care of itself," By Henry ford.

Holiday World Splash & Safari

KaMya Hays
6th Grade
Lincoln trail elementary
Miss Wead

Holiday world is a super fun place, especially in the summer. Holiday world is so fun, you can ride rides, play games, and eat snacks. Don't you worry about getting hot, because you can enjoy the water park! Holiday world & splash and safari are a

theme park and water park together. At splash and safari there are some amazing water rides, like the cheetah chase. On the cheetah chase you have three people on a float and three on another and you race as fast as you can, the first to the finish line wins! After the cheetah chase you will definitely get tired, so go and relax in the Bahari river! In the bahari river you can relax on your own float and drift slowly

while you cruise around the lazy river! Holiday world also has amazing rides, like the voyage. The voyage is a wood ride, so it is not as smooth as a metal ride but is more of a thriller. If you like thrillers the voyage is just for you, it has all sorts of hills and drops. But if you don't like thrillers but like a fun ride the thunder bird is just for you! The thunder bird is smooth and it flips you upside down but only for

a little and you even get a picture taken on most of the rides and if you want you can buy your photos. Don't worry about your children getting left out because at holiday world they have a special place where the kids can go on rides. That includes a mini carousel, little fish to ride and even a mini liberty launch. So next time you are in Santa clause take a look at holiday world splash & safari and maybe bye tickets.
