Virginia vs. Syracuse

Coach's Comments

Kai Wade

Kai is the definition of a true point guard with a strong background competing against top-level talent on premier AAU circuits. He has elite basketball IQ and consistently looks to make the right play, which has opened up what we are able to do offensively as a team. As a senior, we are also encouraging him to be more aggressive looking to score, as he is a very capable three-level scorer and this will further open up his playmaking. Kai is a strong on-ball defender and brings toughness on both ends of the floor. His leadership, experience, and understanding of the game make him a key piece this season.

River Jessie

River brings good size and physicality, which allow him to rebound well and defend multiple positions. He has strong instincts for the ball and plays with a tough, aggressive mindset that stands out during games and practices. Offensively, he has shown flashes of scoring potential and has expanded his game by handling the ball more at the Freshman and JV levels. River approaches the game the right way and is very coachable. Based on his work ethic and potential, we are excited and hopeful he will continue to develop into a talented player and key contributor.

Rajon Taylor

Rajon is a crafty guard with natural ability handling and scoring the basketball. He has a good feel for the game and is a strong passer who does a nice job seeing openings in the defense and taking advantage of them. Rajon can score effectively, both off the catch and off the dribble, making him a versatile offensive threat. His basketball IQ allows him to create opportunities for himself and others within the flow of the offense. As he continues to mature and develop defensively, he has the potential to play a significant role for us in the future.
