

Future Farmers of America in the Community

FFA members learn how to catch a calf in a chute by Dr. Angie Olt.

The fall Ag Construction class went to watch Matt Goodin and his employees construct the new GCHS sign.

FFA members visited Dr. Angie Olt's vet clinic to learn how to properly restrain an animal.

The 2025 spring greenhouse class went to tour Central Farmers' variety of plants in their greenhouse.

The Ag Construction class learned about the different types of wood used in the saw mill.

Various FFA members served food at our local Cow Days festival.

The 2025 Ag Construction class went to one of our local saw mills to learn about the variety of departments in this career field.

In Proud Recognition of Our Future Farmers

Please join us in celebrating their accomplishments and bright futures during National FFA Week, February 21-28.

The National FFA Organization promotes the growth of tomorrow's agricultural leaders through education. We salute our local FFA members for their dedication to developing the leadership skills, confidence and career direction that will help them succeed in their chosen fields. From hard work on the farm to important lessons in the classroom, this FFA chapter has shown its strength and determination to achieve success.

FFA Student Avry Price, a GCHS Freshman, is on the Mill Creek staff. She works after school and on Saturdays with a variety of different patients.

We salute GCHS FFA

We celebrate the achievements and extend best wishes as these students prepare for successful careers.
