

Senior Spotlight: Layton Froggett

By ANNA WARF
GC FFA REPORTER

Layton Froggett is a Senior at Green County High School. He has been a Green County FFA member for four years. In August of 2025, Layton was named the KY FFA State Champion in auctioneering at the Kentucky State Fair. Layton was asked about his experience in FFA and his auctioneering skills.

Tell us a little bit about yourself and your experience in FFA.

I have had a really good FFA experience. It was something I knew I wanted to do since middle school and have always known about it. It really helps you to make friends and grows you as a person.

How did you get started in auctioneering?

I got started in auctioneering when I was about six years old and have done it ever since. It was just something that I kind of picked up from going to different auctioneering events with my dad through the years.

How has your FFA experience helped you grow your auctioneering skills?

My FFA experience has helped grow my skills because it pushed me to practice harder and win more auctioneering competitions.

What does your future look like in this area?

I hope to get my auctioneering license before I graduate and use that to hopefully build up my own company in the future.

Green County FFA traveled to the Kentucky State Fair August 14-15. Layton Froggett placed first in Auctioneering at the Kentucky State Fair. Froggett also placed in the Top 20 in Grass Hay Entry.

Anna Warf reports for National FFA

In August of 2025, Anna Warf was chosen to be a reporter in the National FFA's "FFA in the USA" program. While over 800 students nationwide applied for this opportunity, only 250 were selected. Warf was one of the 14 Kentucky FFA members selected. As part of the program, Anna has been given prompts and is tasked with locating stories about FFA members and chapters to write about. These stories are published by National FFA on their website and social media pages.

As part of her experience in serving, she was able to take a tour during the National FFA Convention of the FFA press area in Lucas Oil Stadium, located in Indianapolis, Indiana. She was able to see where FFA Live was filmed, tour the press box, and see the livestream posting to FFA's social media pages.

Anna says that her favorite part has been connecting with other FFA reporters throughout the country, especially getting to meet them in person at the National FFA Convention. Getting to share the unique experiences between FFA members is definitely a perk to this role.

Look for Anna Warf's "FFA in the USA" articles throughout this insert.
