

# Jane Todd Primary Care

Dr. Gary Partin, along with Green County Judge Executive John Frank and Green County PVA Sean Curry admire the conference room of the administrative level of Jane Todd Primary Care.

Several spacious office areas provide plenty of room for the executives to perform their duties.

Many of the guests at the grand opening enjoyed the food that had been prepared for the event.

An elegant chandelier in the conference room certainly attracts attention as well as providing a great source of light.

The lobby area which includes a large-screen television was the place to be for several employees and guests who were watching the UK game after the ribbon cutting ceremony.

Several patient rooms are equipped for health care providers to attend to the needs of patients.

A nurses' station is centrally located to allow the nurses to be close to the patient care rooms.

Laboratory tests may be provided in-house to allow for quick results for patient care.
