

Summersville Community Easter Egg Hunt

- Youngsters, ages 4-6, looked for Easter eggs during Saturday's egg hunt in Summersville. The event was hosted by Summersville Volunteer Fire Department, Greensburg/Green County Fire and Rescue, and the Twisted Diner.

The Easter Bunny was present at the egg hunt Saturday in Summersville.

Hudson Milby, 19-month-old son of Nathaniel and Kelsey Milby, enjoyed playing with his eggs at the Summersville Community Egg Hunt.

Health

From page 1A

Programs such as chronic disease prevention, substance use prevention, maternal support initiatives like the HANDS program, and health education campaigns all play an important role in improving residents' quality of life. In addition, LCDHD staff respond to public health emergencies, monitor infectious diseases, and provide guidance to help protect communities during outbreaks and other health threats.

Public health is strongest when communities work together. By raising awareness and encouraging healthy habits, National Public Health Week highlights the role everyone plays in building healthier communities.

The Lake Cumberland District Health Department invites residents to learn more about the services available in their area and follow them on social media for information, resources, and tips throughout the week.

For more information about programs and services offered by the Lake Cumberland District Health Department, visit www.lcdhd.org or contact your local county health department.
