

This Memorial Day weekend, Kentucky State Police Sergeant Clint Bale, Trooper Codie Ford and Trooper Jonathan Houk completed a Murph workout with many of the Green County Football Dragons in honor of the nation's fallen soldiers as well as Kentucky State Police Troopers that have been killed in the line of duty. "We paid tribute to the brave service members who gave their lives in the service of our country," Houk said.

The Louisville Sluggers Browning 12U Travel Softball Team, with members based out of Greensburg and Campbellsville, listened as their coach, Jamie Browning, talked to them about the meaning of Memorial Day. The Sluggers, adorned in their red, white, and blue for the holiday, soaked in their Coach's lesson during a rain delay. "Wins are great, but talking to the girls about the true meaning of Memorial Day was the highlight of my weekend with them," Coach Browning said. "I talked about freedoms we have today and the men and women who lost their lives ensuring our freedoms. I went through and shared the amount of individuals who lost their lives in each war. I explained how the individuals who stormed the beaches of Normandy knowing they would die as soon as the doors opened, but they still keep going forward. Freedoms are not free, but I am forever grateful for all who lost their lives, who have served and are serving now."

"Our flag does not fly because the wind moves it. It flies with the last breath of each soldier who died protecting it."

- UNKNOWN

To those who gave everything so we could have everything, thank you. You will never be forgotten in our homes or in our hearts.

We must honor our fallen soldiers by remembering their sacrifice and celebrating the freedom they bought for the rest of us with their lives.
