

Several vehicles were exhibited during Saturday's Cruising the Square event. The next Cruising the Square is scheduled for the second Saturday in August.

July's CRUISING ON THE SQUARE

Above, owner Tom Hinebaugh, Campbellsville, exhibited his 1984 Toyota 4WD PU during the Cruising the Square event Saturday in downtown Greensburg. At left, Bently Groce, Campbellsville, showed his patriotism displaying American Flags on his 1996 Dodge Ram 3500 PU during Saturday's Cruising the Square. Groce is anxiously waiting to turn of legal age in order to drive his pickup.

Keep the paint pretty

The following are simple tips for drivers to protect their vehicle's paint job.

- Make car washes part of your vehicle maintenance routine.
- Wax the exterior of the vehicle.

Wax can protect paint jobs from fading related to exposure to ultraviolet rays.

- Use a car cover if not regularly parked in a garage
- Park in the shade, but not under a tree.
