

Three Day Road Market on Highway 21 planned July 24-26

Who can resist a bargain? The answer is not too many folks if the annual Road Market along Historic U.S. Highway 21 is any measure. The annual 100-mile stretch of roadway between Harmony, N.C. and Wytheville, Va., attracts bargain hunters and eager sellers who hawk their wares from the roadside. It is set for Friday, Saturday and Sunday, July 24-26.

Now in its 13th year, the brainchild of the late D.W. Miles and his wife Barbara, has exceeded all expectations as it seems to grow bigger with each succeeding year. It recalls the history of U.S. 21, formerly known as the Lakes to Florida Highway, that connected travelers from Florida to Michigan in the days before I-77 was constructed.

Part of the Take A Break From the Interstate Tourism Initiative, the Road Market is an opportunity to for residents to set up a yard sale and reap

the rewards of the extra traffic along the Highway 21 corridor over the road market weekend.

Treasure hunters can travel the entire 100-miles of Highway 21 from Wytheville to Harmony, along which hundreds of individual road markets and flea markets will be set up.

"The great thing about the road market is that anyone along the corridor can participate. No registration is required, people can set up their yard sales for the dates and times convenient to them over the course of the weekend," founder D.W. Miles was fond of saying.

Travelers that weekend are encouraged to be extra careful and watch for traffic to be exiting and entering the highway at locations where sellers have congregated.

The Take A Break From the Interstate Tourism Initiative is a partnership of the municipalities of Harmony, Yadkin County, Jonesville, Elkin, Sparta and Wilkes County in North Carolina and Independence, Grayson County, Wytheville and Wythe County in Virginia to promote travel and economic development along the historic "Lakes to Florida Highway," also known as the Highway 21 corridor.

For more information, contact Donna Hamm at 336-572-2591 or visit TakeABreakFromtheInterstate.org. Locations are listed where local residents and vendors may setup in all areas. Also, visit the Take a Break from the Interstate Facebook Page for updates.
