

Enjoying The Water By Cooling Off At Blue Eagle...

For generations, Barnesville's Blue Eagle Lake has been a popular spot to relax and cool off during a warm summer day. The beach near the bathhouse is popular with Moms and toddlers while the bigger kids seek out the raft in deeper water. Most days there is a kayak or two enjoying the waves on mighty Blue Eagle Lake. The lake is part of the extensive Barnesville Park System.

Brightening Our Streets...

The Barnesville Public Works crews as well as volunteers from the community added trees and landscaping flowers to the North end of Front Street last summer. This summer many of the bricks and medallions downtown will be replaced. There will also be trees added to Front Street to replace those that have died and been removed.
