

Spring in full swing at Heinz Furniture & Flooring

It's Spring Fling at Gustav Heinz Furniture and Floor Coverings - your one-stop shop for all things home! Offering quality products and providing excellent customer service, they have a large range of home products besides furniture and flooring, such as cabinets, countertops, backsplash and floor tile, blinds, wallpaper, windows, and more.

The Kitchen and Bath Design Center offers free on-site measurements and appointments to see your kitchen, bathroom, or laundry space in a 3D rendering. They

offer brands such as Monarch, Shiloh, and Waypoint cabinetry as well as Cambria and Silestone quartz, and more! The designers will lay out samples of cabinets, countertops, backsplash tile, flooring, and hardware for customers to pull the design together all under one roof. The Katie's on the Heinz Furniture Design Team are ready to help you with your next dream design.

The flooring layers and team of delivery drivers all wear Heinz t-shirt and work directly from our store that is still in its original location after over

170 years. The store owner, Greg Whitler, is with you every step of the way through your buying process. From helping you make selections, to getting you a quote, to getting the job scheduled, you are in great hands with their expert team. Heinz Furniture offers free delivery to your home or jobsite and bulk discounts are also available.

The Flooring Center at Heinz Furniture offers various brands of carpets, vinyl click flooring, tile, and even hardwood with brands like Shaw, DreamWeaver, and Corotec. It is also the perfect time

of year to consider new blinds in your home. With the sun coming out and getting ready for the warm weather, Heinz, your local Graber blind dealer, will come out to do a measure for free and help you select the best blind option for your space.

The furniture selections on their showroom floor are ever evolving and rotating, as they offer some of the top brands in furniture - Flexsteel and Best Home Furnishings. They have one of the largest in-store stock of Best Home Furnishings in the state, and are the exclusive dealer

in this area to have the Field & Stream furniture line by Best. Heinz Furniture also has a showroom of mattress selections made by Bemco in Springfield, IL where they urge you to come in and test them all out. Heinz Furniture & Flooring is all about comfort, quality, and great service, and knows the importance of shopping local. Stop in Heinz Furniture and you are sure to be surprised at all of the things that you see!
