

Monthly

(Cont'd. from front page)

Questions are: Where is this money?; Did we use any of it on the down payment?; Why does the town keep using Rebate Money to pay on the truck note each year when there should be a surplus of money on hand for this note?

I personally would like to commend the people on our water system for being so awesome and supporting this, doing your part. We have to have it maintain the note but it needs to be accounted for and used properly. At \$2,800 in collections each month more than 95% of the good people of Coffeeville are in fact paying their bill, now we just need for figure out where it is going.
