# Newspapers For Students Valley Tool Inc.

Cayce Washington of Valley Tool is proud to be a part of the NFS program, realizing the importance of young people becoming aware of their community news and activities. Our young people are the very future of our community and need to be a strong part of the very foundation of the community.

people aware of local events right here in Coffeeville and Yalobusha County. It helps to install a sense of community and place in youth, shaping them as future citizens. Newspapers not only bring academics to life, they also deepen student learning by grounding it in real-life experiences.

The NEWSPAPER FOR STUDENTS program provides newspapers to the students as supplemental reading material. Newspapers remain one of the most multifaceted and effective educational resources available for students. Each week during the school year over 300 newspapers are mailed to the students in the 1st through 12th grades at the Coffeeville Schools.

News and information are like food for the brain.

Students tell us that this program seriously promotes reading skills, plus helps establish a sense of civic identity-making our young
