Historical Society Meeting March 19, 2026 2:00 PM

We are pleased to welcome back Mr. John Nelson as speaker for our March meeting. Mr. Nelson always picks an interesting topic and this one is no exception. This time his title could be “William Henry Walls’ Unusual Mission.” Mr. Walls was from Panola County, was in the Confederate Navy, and was given an unusual assignment during the last days of the Civil War. Now what could that have been? Join us to hear about it.

YHS meets in its headquarters in 14656 Depot Street in Coffeeville in the historic Presbyterian Church building. The architecture is worth a visit to see by itself. There is no admission charge. Refreshments will be served. Please consider joining us.

If you live too far away to make attending a meeting possible you may want to join YHS. A \$30 annual membership supports our efforts and includes our periodical “The Yalobusha Pioneer”

Coffeeville's Own!

Stantavious Spearman

Stan Spearman continues to make Coffeeville proud as he pursues a career on the hardwood. Stan has long been known as a “SHOOTER” and he continues to carry that role in his pro career. Stan, while in high school, put 50 points on the board in a game against Bruce. Pirate

Pride runs deep in the Coffeeville community, especially when the Spearman name is mentioned. Stan's little brother, Buddy, is following in his footsteps as we all expect Jaden will. Jaden's parents, Libby and Stan, both played high school ball.
