

Quintrion "Quin" Smith
September 13, 2007-
July 16, 2024

One was missing from the Class of 2026, missing but never forgotten! "Quin" Smith passed almost two years ago leaving a whole in the hearts of all his classmates along with family and friends. Although Quin wasn't in attendance he was on everyone's mind. Tears were shed for many different reasons at graduation but many tears of sadness were shed around this memorial in Quin's honor. Rest In Peace Quin.

Association is pleased to announce that Coffeeville School District (Yalobusha County), North Delta Schools (Panola County) and Strayhorn High School (Tate County) participated in and completed the School Uplift Program provided through our partnership with Tennessee Valley Authority," said Earl Gibson, Director of Member Services. "Each of the schools has been awarded \$10,000 for this accomplishment."

"We are also excited that Coffeeville School District has earned an additional \$200,000 grant. Coffeeville School's student energy team, faculty, administration and the community have worked hard this year to learn about energy efficiency, reduce energy costs and improve the school's learning environment. North Delta School in Panola County also earned recognition from TVA and earned an additional \$25,000 grant. In addition to learning about energy efficiency, the student energy teams also gained valuable leadership and mentoring insights.

"TVEPA is excited for all our school participants this year and, through our partnership with TVA, are committed to making a positive impact today and for the future in our communities that we serve."

Additionally, North Delta School in Batesville, MS, and North Elementary School in Brandon, MS, are celebrating their \$25,000 Learning Environment Grants.
