The Histroical . . .

(Cont'd. from front page)

African Americans were inspired and empowered to transform their lives and their country.

Juneteenth marks our country's second independence day. Although it has long celebrated in the African American community, this monumental event remains largely unknown to most Americans.

The historical legacy of Juneteenth shows the value of never giving up hope in uncertain times. The National Museum of African American History and Culture is a community space where this spirit of hope lives on. A place where historical events like Juneteenth are shared and new stories with equal urgency are told.

Yalobusha Historical Society - June Meeting

Our June speaker is no stranger to this county as his family moved here in the early 1830's.

Born in Water Valley and a graduate of WVHS and Mississippi Gulf Coast Community College, Rick worked in design and project engineering for 3 different companies. Moved back here from Hernando with his wife of 33 years, Deana Davis Jenkins. They have three children.

Rick has been a reenactor since 1984 not only for Confederate units but also for Union companies. He has been in numerous documentaries and movies which include the North and South miniseries and Gettysburg.

YHS meets at 2PM on the 18th at our headquarters 14656 Depot St. Coffeeville. Everyone is invited. There is no admission and refreshments are provided.
